

# THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Calluna vulgaris* 'Bright Velvet'**

— named by Albert Bosch —

has been registered by

**A. BOSCH, BOOMKWEKERIJ BOSCH**  
Westerlee, Netherlands.

REGISTRAR \_\_\_\_\_ DATE \_\_\_\_\_  
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: white, single, August–September.

Foliage: pure grey, without a trace of green.

Habit: erect.

Origins: sport on 'Velvet Fascination', found by Albert Bosch in 1994 on nursery.

Differs from other cultivars in having pure grey leaf colour.

**Cultivar registration number: C.2006:05**
